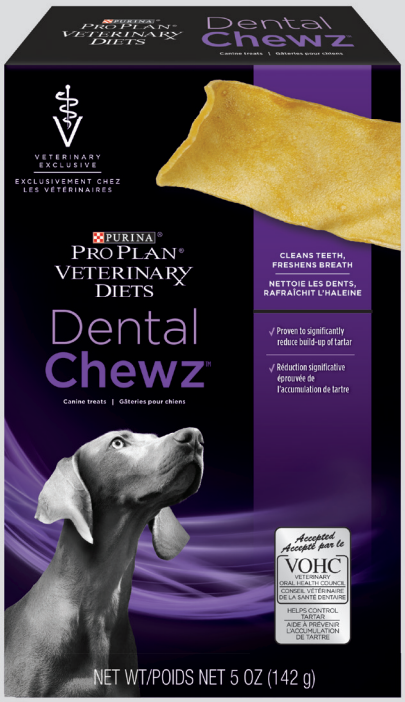
Dental Chewz™

CANINE TREATS



Clinical Considerations:

An effective dental chew for dogs, these treats are long-lasting, delicious and high in protein. Dental Chewz™ have been recognized by the Veterinary Oral Health Council as a product that works effectively to significantly reduce tartar buildup in dogs fed two treats per day, and are backed by extensive testing. These treats are a perfect complement to DH Dental Health® Canine Formulas and a great treat for healthy dogs.

Accepted VOHC VETERINARY ORAL HEALTH COUNCIL HELPS CONTROL TARTAR SM91375
